TS Gold Survey-State	K-Assessed within the first 60 days of fall. Pre-K Assessed within the first 60 days of fall, also assessed in the Winter and Spring.	The length of the assessment varies as it is done through observations throughout the classroom.	Pre-K and K assessed on Developmental Domains (Social-Emotional, Language, Physical & Cognitive) and Academic Domains(Literacy, Science and Technology, Mathematics, Social Studies, The Arts & English Language Acquisition)	Colorado's Achievement Plan for Kids requires that all students in publicly funded kindergarten be assessed using a state approved school readiness assessment. Our district uses the readiness assessment to inform the development of an individual school readiness plan in order to provide a responsive learning environment for each student. The information that our district gathers from the school readiness assessments is to be used for supportive and instructional purposes.	http://teachingstrategies.com/
Cognitive Abilities Test(CogAT)-District	Assessed in the fall for Grade 6. Assessed in the Spring for second(2) grade.	The length of the assessment takes around 30 minutes for each session.	Grade 2, 6, & 9 along with other grades being assessed in reasoning and problem solving in content domains in verbal, quantitative and nonverbal areas.	This assessment helps in determining the districts gifted and talented status of our students with a body of evidence.	https://riversideinsights.com/cognitive_abilities_test
NWEA-MAP(Measures of Academic Progress)-District	Assessed in the fall, winter and spring.(Exact dates are determined at the school level)	The length of the assessment is untimed but students usually take up to 60 minutes per subject area.	K-12 being assessed in Language Usage, Reading, Math and Science.	This assessment helps our teachers identify what students know, is ready to learn and projected achievement. The results also help in flexible grouping and differentiated instructional practices.	https://www.nwea.org/

*Dates are subject to change based on guidance from the Colorado Department of Education, United States Department of Education or testing vendors. Students may also be assessed at the school level that are not mandated at the federal, state or district level.
 ** Per state policy Yuma School District-1 adopted Policy IKA & IKA R-3 to address Pencil/Paper testing options, Parent/Guardian request for exemption and sharing of state assessment results with parents/guardians.
